

Liverpool City Region Combined Authority

- **Investment Manager (Salary: £74,144 to £83,461)**

The Liverpool City Region Combined Authority is searching for exceptional individuals with the passion to help us deliver our vision and create a truly global and competitive City Region at the heart of the Northern Powerhouse. Our growth strategy sets out the City Region's 25-year approach, focusing on the three pillars of productivity, people and place. This is a once in a lifetime opportunity to combine local decision making with significant, discretionary funding.

The Combined Authority is establishing a new and empowered investment team to deploy these funds. The team will use commercial best practice to fund projects that generate financial returns, economic growth, and social and environmental benefit. It will support the City Region's highest profile projects and seek to be catalytic in improving its global competitiveness.

We are currently seeking two **Investment Managers** who will lead the Combined Authority's financing of these projects, managing them from formation to completion.

We are open to diverse candidates. You may work in financial services or be a sector expert. You may be a seasoned professional coming out of the corporate world or a mid-career striver wanting to prove yourself. Whatever your background, we want to hear from you if your skills and motivation can turn this unique opportunity into success.

The role is also diverse. We will support you to develop new skills and expertise. The possibility to extend your professional knowledge across sectors and financing approaches is part of the job's appeal.

Closing date: 1 May 2018
